

# Troubleshoot ATRT Crashing

## Problem:

- 1 – ATRT crashes when you start typing
- 2 – You can log into the ATRT server, and get as far as start typing

## Prerequisites:

- 1 – Have access to the computer (not necessarily physical access)

## Instructions To Fix ATRT Crashing When Typing:

- 1 – Before launching ATRT, click on the symbol in the top right hand corner of the menu bar. It will look like on of the following:  or 
- 2 – If the Nisga'a language is selected, change it to Canadian English before starting ATRT
